Sinclair Sexsmith's new book
Sweet & Rough: Sixteen Stories of Queer Smut
releases on September 15th

First full-length short stories collection from Top Sex Blogger Sinclair Sexsmith and Maverick Press features erotica that incorporates queer sexualities, butch and femme characters, authentic queer desire, beautiful prose, and down and dirty sex.

Sinclair Sexsmith's newest release, *Sweet & Rough: Sixteen Stories of Queer Smut*, will be released on September 15th and it's bound to be a queer erotica classic. The digital download will first be available for retail sale on smashwords.com, with the bonus switchy story "The Houseboy's Rebellion" on the USB drive that can be purchased from Sexsmith himself. The hardcover copy of the book will be released in November, and will be a beautiful gift book for fans and lovers alike.

With this collection of stories, Sexsmith hopes to add to the incredible collection of lesbian and queer erotica already available, and continue to expose new aspects of queer practitioners of BDSM and queer erotic desire.

Sweet & Rough includes a wide range of content in its sixteen stories: flogging, strap-ons, anal sex, knife play, blow jobs, oral sex, dirty talk, threesomes, dominance/submission, falling in love, one night stands, long time lovers, and even an appearance by a well known feminist porn star.

Many prominent sex educators and erotica editors already love this book: Inimitable erotica editor Rachel Kramer Bussel says, "*Sweet & Rough* is the perfect title for this collection of raw, queer, kinky and passionate erotica that will appeal to smut connoisseurs as well as new readers looking for something hot and titillating to keep them up at night."

Erika Moen, comic artist of the most popular sexuality blog on the internet, *Oh Joy, Sex Toy*, says, "Sinclair Sexsmith's writing is a surefire panty-wetter."

Sweet & Rough is distributed by Smashwords and available through all major book outlets, including Amazon Kindle, Barnes & Noble Nook, Apple iBooks, and more. Prices are \$7.99 for the digital book and \$24.95 when available as a hardback; preorders for the hardback will be taken in October.
